

## Congratulations to Middletown's Police Youth Week Graduates!

***Committeeman Tony Perry congratulated our newest Police Week graduates on Friday, July 13th, along with Police Chief Craig Weber, Detective Lieutenant Paul Bailey, and Community Relations Officer Rick Cruz.***

The Middletown Township Police Department held its first Police Youth Week Camp of the summer this week. There were 63 children, between the ages of 8 to 11, who participated in the program which gave them their first exposure to law enforcement at the recruit phase.

The Police Youth Week program, run by Lieutenant Charles Terefenko and Sergeant Kevin Gardiner, is a combination of classroom style learning and physical training. Participants learned firsthand about a wide variety of law enforcement training and techniques including officer safety, crime scene investigations, traffic enforcement and the K-9 unit. The program also emphasized the importance of citizenship and community policing.

The week concluded with a graduation ceremony on Friday, July 13th at the Brookdale Student Life Center. Committeeman Tony Perry handed out certificates along with Police Chief Craig Weber, Detective Lieutenant Paul Bailey, and Community Relations Officer Rick Cruz.

## EMS Promotes New Cadets

Acting Mayor Kevin Settembrino and Committeeman Rick Hibell joined Middletown's Emergency Medical Services Department at its Cadets Promotion Ceremony held at Fairview First Aid Squad on Sunday, July 8th. Plaques and certificates were presented to the outgoing and incoming officers in appreciation for their dedication.

The EMS cadets are young men and women, ages 14 to 18, who learn basic life-support skills by working side by side with current EMT volunteers. At age 16, they can ride the ambulances in Middletown and further their skills and experience to become first aid members. High school students interested in joining can call the EMS office at 732-615-2252 for more information. Thank you to all of the cadets for continuing the long standing tradition of volunteerism in Middletown!

### HEAD AND NECK CANCER

This type of cancer can occur in the nasal passages, mouth, throat, or voice box. There are thousands of new cases of head and neck cancer each year, many of which can be cured. The best chance for a cure is when the cancer is found early.

### THE WARNING SIGNS

Frequent nose bleeds; ongoing nasal congestion; persistent sore or growth in mouth or throat; constant earaches; lasting change in voice; bloody phlegm lasting several days; lump in neck lasting more than two weeks; or problems swallowing.

### SCREENING

- Ten-minute exam by Nurse Practitioners at Memorial Sloan Kettering Cancer Center to look for signs of head and neck cancer.
- Resources will be provided on smoking cessation and nutrition.

### WHO SHOULD ATTEND

- Adults who smoke, drink, or spend a lot of time in the sun.
- Adults who notice any of the warning signs of head and neck cancer.
