

VIII. Action Plan

A. Priority Recommendations

The Master Plan Steering Committee reviewed the recommendations of the Master Plan and then participated in an exercise to establish priorities to provide direction to the Middletown Department of Parks, Recreation and Cultural Affairs, the Township Committee, and others toward the implementation of this Plan. In this exercise, committee members were asked to rank a list of capital improvements that have been recommended throughout this Master Plan. Table 21 identifies the priorities for the recommended capital improvements. The ranking of each improvement is indicated on the left hand side of the table. The total points received for each improvement by 13 committee members is indicated on the right hand side. Also on the right are the median ranking by the committee members and the rank of the item by median. This varies slightly from the overall ranking by points.

The indoor aquatic center ranked the highest by the committee members. This is followed by upgrading all of the existing athletic fields. Third on the list is a new community and recreation center in the southern part of the Township. This could be developed in conjunction with the indoor aquatic center, which would be the most efficient use of space in the building. This item ranked second in terms of the median but in overall points was ranked third. The fourth item included upgrading of all playgrounds which is already in process by the Department of Parks, Recreation and Cultural Affairs.

The fifth item on the list is the development of an ice rink complex as part of a public/private partnership. This is followed by two items tied for sixth place at the Croydon Hall Synthetic Turf Fields and the development of a Trails and Greenways Master Plan and the development of those trails. The development of synthetic turf fields in the River Plaza area at the Muratsuchi site or other site within this area was ranked eighth on the list. Development of outdoor basketball courts at various sites was ninth. This was followed by the development of restrooms at a variety of parks.

The next two items on the list deal with renovations of existing facilities including renovating the Croydon Hall Senior Center and replacing the Tonya Keller Bayshore Recreation Center with a new facility. These indoor improvements are followed by improved access to the rivers and lakes, ten new picnic shelters at various sites, new playgrounds at six various sites, and upgrading of the beaches with restrooms and replenished sand. The bottom portion of the list includes development of some new facilities such as a dog park, development of Stevenson Park, new maintenance facility at Bodman Park, outdoor amphitheater, skate park, sprayground and upgrading the Butler Park baseball field to 90 foot bases.

Table 24: Capital Projects Priority Ranking

Master Plan Steering Committee Members were asked to place a number in the far left column that indicated their priority for the proposed improvement. Thier priority ranking is for the importance of the improvement and is not necessarily the order they will be developed. The ranking is based on the total points received for each capital improvement with the lowest total being the highest priority.

Capital Improvements Ranking

Rank	Improvement	Median	Median Rank	Total Points
1	Indoor Aquatic Center	3.5	1	62
2	Upgrade all athletic fields turf and infields	5.5	3	75
3	New Community and Recreation Center in southern part of the Township	4	2	86
4	Upgrade all playgrounds	8	7	95
5	Ice Rink Complex (as part of a public/private partnership)	7	6	101
6	Croydon Hall synthetic turf field	6.5	5	106
6	Trails and Greenways Master Plan and development	8	7	106
8	River Plaza Area Synthetic turf fields - Muratsuchi or other site	6	4	117
9	Outdoor basketball courts at 5 various sites	9.5	9	118
10	Develop restrooms at Tindall, Normandy and Lincroft Acres Parks and Fairview in non-leased area.	10	10	133
11	Renovate the Croydon Hall Senior Center	12.5	11	152
12	Replace Tonya Keller Bayshore Recreation Center with a new facility	13	13	155
13	Improved access to rivers and lakes	13	13	161
14	10 new picnic shelters at various sites	13.5	15	162
14	New playgrounds at 6 various sites	12.5	11	162
16	Upgrade the beaches with improved restrooms and replenished sand	15	16	174
17	Dog Park	16	17	187
18	Prepare Master Plan and continue to develop Stevenson Park as a passive park with picnic areas, trails, etc.	16	17	189
19	New maintenance facility at Bodman Park	16.5	20	191
19	Outdoor amphitheater	16	17	191
19	New Skate Park	16.5	20	191
22	New Sprayground - at Bodman or Normandy Parks	18.5	22	198
23	Upgrade Butler Field to 90' bases	20	23	212

Action Plan

B. Action Plan

The Action Plan provides a summary of the recommendations that were presented previously along with a time line for implementation and the responsible party. Please refer to Section III for a more detailed explanation of the recommendations. The terms that are used are defined here for clarity.

MDPRCA Staff	Department of Parks, Recreation and Cultural Affairs	Foundation	Non Profit fundraising arm of MDP RCA
Township	MDPRCA Staff	Sponsor	Corporate sponsor
County	Township of Middletown	OP	Operating budget
Schools	Monmouth County Parks Commission	CIP	Capital Improvement Program
Partners	Middletown Public Schools	Donor	Individual or corporate philanthropic donation
Committee	Other organizations working with MDP RCA	Grants	Government or foundation grants
Volunteers	Master Plan Steering Committee	Open Space	Open Space Funds of the Township
Planning	Volunteers	MCIA	Monmouth County Improvement Authority
	Middletown Township Planning Department	Consultant	Master Plan Consultant

NO.	ACTION	0-2 YEARS	3-5 YEARS	6-10 YEARS	10+ YEARS	RESPONSIBILITY	FUNDING SOURCE
